Directions:

SHOTWICK LAKE SAILING CLUB, on Deeside, North Wales, uses SHOTWICK LAKE which is on the Dee marshes close to the new bridge over the River Dee, the Tata Steel plant and Shotton Paper. It is positioned just NE of where the dual carriageway crosses over the railway.

From the A550, take the exit signposted to Flint (A548) and the Industrial Park. Carry on straight on this road (dual carriageway) to the **third** traffic roundabout (the last before the new bridge). Here, bear left (signposted Sealand Ranges and **Zone 4**). After about 100 yards turn left, which takes you past Shotton Paper Mill on your right. Go past the entrance for Shotton Paper and continue on to a small 'T' junction.

Turn left and in about 50 yards you will see a yellow, red & white barrier which will be open – go through and continue under the A548 flyover, **bear right** and under a low railway bridge (11'6") and then follow the lane to reach the sailing club compound.
